

Coming Soon! The NSCAP Accreditation Portal!

In March 2015, NSA/IAD will open the new NSCAP Accreditation Portal (NAP) to the public via the NSA.gov website. The NAP is a new tool which allows Cyber Incident Response Assistance (CIRA) industry partners to submit online applications for NSCAP CIRA accreditation.

Accessing the NAP will enable visitors to:

- View and/or download the NSCAP Accreditation Portal User's Guide to learn how to request an account and navigate the portal.
- Submit accreditation applications (with an account) and obtain the application status.
- Send a question using the **Contact Us** link.

Have questions? Need more information?

- Visit the NSCAP website
- Contact the NSCAP Office via email: NSCAP@nsa.gov
